PROFILE

Aspiring Web Developer | Strong English Proficiency

I'm an eager learner with a real passion for crafting websites and apps. I'm also great at communicating in English. Currently, I'm diving into the world of HTML, CSS, JavaScript, and related tech. Plus, I've got some basic skills in Canva. Beyond that, I'm intrigued by the world of E-Commerce and Digital Marketing. I'm on the lookout for an internship where I can both sharpen my skills and contribute to a collaborative team environment.

EXPERIENCE

Fresher

Seeking first internship opportunity to gain practical experience and contribute to a dynamic team environment. Eager to learn and apply my skills in a professional setting.
